EDUCATION

- **Veermata Jijabai Technological Institute (VJTI)** Dec 2021- May 2025
Bachelor of Technology in Information Technology CGPA/Percentage: 7.82
- **Common Public Higher Secondary School** April 2019- April 2021
Higher Secondary Certificate, J&k CGPA/Percentage: 97.8%
- **Common Public Higher Secondary School** April 2018- April 2019
Secondary Certificate, J&k CGPA/Percentage: 90.6%

KEY PROJECTS

- **FoodieHub: Recipes and Profile Management** Aug 2023
A secure recipe-sharing website that includes user registration, login, and profile management.
 - Developed a User-Centric Recipe-Sharing and Exploration Platform.
 - Complete user control has been implemented, including quick registration, secure login, profile updates, and recipe uploads. Allowing users to contribute their recipes while also exploring and discovering other people's contributions. **JWT** session management and **Bcrypt** password hashing increased security, and **OAuth** tokens added an additional layer of authentication. **Dotenv** upheld best security practices in the management of sensitive data.
 - **Tech used:** EJS, CSS, JavaScript, NodeJS(Express), MongoDB(mongoose), bcrypt, JWT, OAuth, dotenv, Cookies
- **Firebase Contact Manager** Sept 2023
A seamless, real-time contact management solution powered by React and Firebase integration.
 - A **React** application integrated with **Firebase** for real-time cloud storage, allowing users to manage contacts through **CRUD** operations, featuring real-time cloud storage, responsive design, and enhanced user experience with form validation using **Yup** and **Formik** and modal UI.
 - **Tech used:** React Js, Tailwind CSS, Firebase Cloud (Firestore for database), Yup, Toast, Formik

TECHNICAL SKILLS

Languages: Java, Python, JavaScript, SQL
Web Technology: HTML, CSS, Node Js, Express Js, React Js
Database System: MongoDB, MariaDB
Developer Tools: VS Code, IntelliJ Idea, Pycharm, PgAdmin
Others: Git, HBS, Postman, GitHub, EJS, Canva, Firebase Cloud

ACHIEVEMENTS

- Solved 200+ DSA problems on [Leetcode](#) & [GeeksForGeeks](#) combined.
- Developed 15+ projects while learning various technologies.

CERTIFICATIONS

- **Introduction to Front-End Development** : Authorized by Meta and offered through Coursera
- **Getting Started with Git and GitHub** : Authorized by IBM and offered through Coursera
- **HTML, CSS, and Javascript for Web Developers** : Authorized by Johns Hopkins University and offered through Coursera

INTERESTS AND EXTRACURRICULAR ACTIVITIES

- Trekking, Travelling
- **Sports** : Cricket, Badminton, Kabaddi
- **Languages** : Hindi, English, Dogri
